AUST-2022-3692 - B CHQ HEN - RAVEN VANLOON Bred for stock. Outstanding Future Stock Hen – Quality Breeding Prospect This young hen shows all the qualities of becoming an excellent stock bird. Well bred from top-performing bloodlines, she enters the breeding loft for the first time this season. With an impressive pedigree behind her, she brings both strength of lineage and promise of performance. I have high expectations for her future contributions to the loft and believe she has the potential to produce competitive race birds for years to come. A
